Re: Interior Painting Your Next Project

I propose to furnish all materials and labor necessary to complete the following:

1. Strip wall paper from walls in two bathrooms.
2. Prime wall in two bathrooms to seal in glue.
3. Seal all walls with flat sealer.
4. Seal and finish all new doors.
5. Sand and finish existing painted doors.
6. Prime, sand and finish coat existing Legacy doors.
7. Apply two finish coats of quality non-blocking water-based semi-gloss enamel to bathroom walls and bathroom ceilings.
8. Prime T-Bar grid system and finish coat.
9. Apply two finish coats of quality low sheen or semi gloss paint to interior walls.
10. All surfaces will receive paint touch up one time before final walk through and one customer service after final walk through.
11. All patching is to be done by drywall company before Maxson Painting begins work.
12. Protect all surfaces not being painted.
13. Provide large color samples and assist in color selection as needed and provide properly labeled touch up paint for future use.

All of the above work is to be completed in a workmanlike manner according to standard practices for the sum of \$_____. Payment of 20% due when work begins, balance due upon completion. Two-percent per month will be charged on overdue balances.

Any alteration or deviation from the above specifications involving extra cost of material or labor will be considered an extra charge over the sum mentioned above.

Thank you for the opportunity to be considered for your painting project. If you are in agreement with this proposal, please sign and return one copy of this proposal to our office for processing, retaining one copy for your records. If you have any questions please feel free to contact me at (805) 644-0625.
